

# Vacu Magic® Slim Line & Infra Therm Slim Line

Fitness & Gym

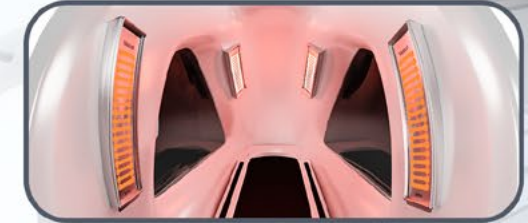

## NEW DESIGN

## MODERN AND COMFORTABLE

A wider entrance and more space inside the device increases the comfort of exercisers, allowing for greater freedom and range of movement.

The modern design makes Slim Line series devices stand out from the crowd. They are often chosen by customers who appreciate not only fast and lasting slimming effects, but also the aesthetics of their studio.

MODERN DESIGN

**Vacu Magic Slim Line** reduces cellulite and has a slimming effect by combining infrared and negative pressure during training in a sealed cabin.

**Infra Therm** bases its effectiveness on the strong effect of infrared lamps - it has four powerful radiators. This intensity is only possible with the open design of the device.
